Today’s Headlines

**Bonds**
Treasury yields are little changed across a steeper curve, off session highs reached during European morning. S&P 500 futures are lower by about 0.5% while European shares attain highest levels in more than a month.

**Economy**
U.S. unemployment-claims figures gave a mixed picture of the labor market amid government changes to seasonal adjustments to account for distortions from the pandemic.

**World**
The initial quick recovery in Canada’s labor market is set to fade, with many of those initially displaced by the pandemic already back at work and the economy as open as it can be for now.

**MBA MORT APPLICATIONS**
This concept tracks the volume of mortgage loan applications that have been submitted to lenders.
